

PASSION FOR PATIENTS

Oncology Pharmacy Technician Association (OPTA)

Patient-centered. Always Collaborative.

Taryn Newsome, CPhT | Associate Manager of OPTA

Background

- Oncology Pharmacy Technicians are integral contributors to the care of cancer patients
- To promote higher-quality care, NCODA created the Pharmacy Technician Committee in 2018
- In late 2018, the Pharmacy Technician Committee evolved into the Oncology Pharmacy Technician Association (OPTA) and became its own association
- OPTA is the first and only association for our professional discipline
- OPTA is specifically for Oncology Pharmacy Technicians dedicated to supporting and encouraging their professional development
- Our focus includes becoming the standard bearers for oncology pharmacy technicians nationwide
- We are a strong, growing group of 1700+ peers

Purpose

- Advance the value of oncology pharmacy technicians
- Maximize members' professional development through training, collaboration and knowledge sharing of resources, tools, benchmarks, and other value-adds to OPTA members
- Advocate for oncology pharmacy technicians to be an influential voice for oncology patient care issues
- Collaborate with oncology pharmacy technicians to influence and strengthen the safety, quality and access to care for each patient

Mission & Vision

Our Mission is to strengthen and empower oncology pharmacy technicians in their increasingly vital role as part of the medically integrated team by providing leadership and professional development opportunities to ensure better outcomes for cancer patients.

Our vision is that each patient receives the maximum benefit from their cancer treatment by cultivating a community focused on advancing the role of the oncology pharmacy technician through professional development & innovation.

Programming

- Monthly OPTA Leadership Committee meetings
- Regularly scheduled email updates
 - *OPTA Review* (OPTA's virtual publication, released monthly)
 - Technician in Focus
