

# OVERVIEW

APRIL 28-30, 2021

At PTCE, we strive to make each continuing education (CE) conference, including this series held in conjunction with the NCODA Spring Forum, both useful and impactful for health care professionals who play an integral role in the care of patients. The most current, relevant, and practical information on oncology disease state management, clinical data, treatment guidelines, and agents on the horizon, as well as best practices for patient care, will be presented.

We appreciate your commitment to learning about the latest advancements in oncology. Visit us at [www.PharmacyTimes.org](http://www.PharmacyTimes.org) for all of your CE needs.
