

Medically Integrated Patient Assistance For Oncology

Alicia Barnes CPhT, RPT
Patient Assistance Advocate
AON Pharmacy

UN-Insured Patients

- ★ Manufacture Assistance Programs
 - ★ Must meet program guidelines

Benefits of Medically Integrated Patient Assistance

- ★ Better relationship with patients – During such a touch time in their lives, patients are much more willing to work with someone they are comfortable with.
- ★ Gives patients quicker access to vital treatments – hours vs. days or even weeks in some cases.
- ★ Better adherence – Recent studies show that 20%-40% of patients receiving oral chemotherapy have poor adherence. One of the leading causes of which; financial toxicity.**

Commercial / Private Insured

- ★ *Manufacture Copay Card*
 - ★ Medication must be covered by plan, subject to terms and conditions set by manufacture.
- ★ *Foundations*
 - ★ Medication must be covered by plan.
 - ★ Foundation must have available funds to commercially or private insured patients.
