

Mission

*To inspire nurses
caring for individuals with cancer
to share ideas, collaborate inter-professionally,
and to promote quality standards
and best practices in oncology nursing care.*

- As nurses are on the frontline of patient care, they are instrumental in empowering patients to be active participants in their own care by providing ongoing support, education, and symptom management.
- NCODA believes nurses are an essential part of the medically integrated healthcare team and is committed to providing nurses with tools and resources to provide better patient care.

Collaboration

NCODA supports its Nursing Community by providing:

- A platform for monthly virtual gatherings
- Educational opportunities
- Attendance at NCODA international meetings
- Scholarship opportunities

NCODA continues to foster interdisciplinary collaboration among the oncology team through:

- Nursing representation on NCODA staff and executive council
- Interdisciplinary collaboration on NCODA resources and education (see “Engagement Opportunities”)

NCODA partners with Oncology Nursing Society

- Promoting the role of the Oral Oncology Nurse Navigator (OONN).
- This partnership plans to develop a job description, competencies, certificate course and nursing certification for OONN’s.
