The NCODA Nursing Community:

Strengthening Connections for Excellence in Patient Care

Our Mission

*To inspire nurses
caring for individuals with cancer,
to share ideas, collaborate inter-professionally,
and to promote quality standards
and best practices in oncology nursing care.*

Our Vision

*Is for all nurses caring for individuals with cancer to be
recognized as valued members of the medically
integrated care team.
We will achieve this through innovation of resources
that empower all oncology nurses to provide the best
care possible so that every patient receives the
maximum benefit from their treatment.*

Collaboration

Network and Foster Valuable Connections

- Monthly virtual gatherings
- NCODA Connect
- NCODA international meetings

Advance Modern Oncology Nursing

- Nursing representation on NCODA staff and executive council.
- Collaboration with Oncology Nurses from across the country to develop meaningful tools to enhance patient care.

Influence Oncology Care

- Interprofessional collaboration on NCODA resources and education .
- Influence interprofessional workflows that operationalize complex cancer care and optimize patient outcomes.

Drive Impactful Initiatives

- Promoting the role of the Nurse as a valued member of Medically Integrated Care Team
- Promoting the role of the Oral Oncolytic Nurse Navigator

Community Leadership

NCODA Senior Manager of Nursing Initiatives

Mary K. Anderson, BSN RN OCN®

Member Engagement

Dallas Lawry, DNP, FNP-C, AOCNP®
Donnell Hale, MBA, BSN, RN, OCN®
