

## 2025 NCODA International Fall Summit:

### Essential CE Information

#### CE Registration:

- Please make sure to register for the 2025 NCODA International Fall Summit CEs via this link: <https://www.lecturepanda.com/r/2025NCODAFallSummit>
  - After registering for your CE, you should receive a confirmation email with a unique link. **Please DO NOT share this link with anyone as it is unique to your own profile.**
- You may also register for the 2025 NCODA International Fall summit CEs via this QR code:

#### CE Pre-assessment:

- After registering for your selected CEs, please make sure to complete each of your CE sessions' Pre-assessment BEFORE the start of each of those CE sessions
  - This is because the Pre-assessment will automatically close out 15 minutes AFTER each CE session, in order to prevent obtaining invalid data from participants completing the Pre-assessment after the CE session has ended

#### Obtaining CE Credit:

- Credit requirements must be completed within 60 days of the program activity date: December 16<sup>th</sup>, 2025
- Upon completion, credit will be transmitted electronically to ACPE
  - If you are a nurse or physician, NCODA has partnered with Partners for Advancing Clinical Education (PACE) to expand CE accreditation to nurses and physicians
  - Please refer to the "PACE Handout" for more information

# **NCODA 2025 Fall Summit Physician and Nurse Sessions CE Information**

October 15-17 2025 | Orlando, FL  
Provided by Partners for Advancing Clinical Education and NCODA

## **Target Audience**

This conference is intended for oncology healthcare providers that include; pharmacists, pharmacy technicians, physicians and nurses who care for patients within oncology

## **Session Educational Objectives**

Upon completion of this session, participants should be able to:

### **Transforming Practice and Patient Care with the Use of AI in Oncology**

*0.75 AMA PRA Category 1 Credit™ and ANCC contact hour*

- Describe current and emerging applications of artificial intelligence in nursing, pharmacy, and provider practice, particularly within oncology care settings.
- Summarize ethical, safety, and workflow considerations when integrating AI tools into clinical decision-making and patient care.
- Outline key methods for enhancing AI literacy and competency among providers, nurses, pharmacist, and pharmacy technicians.

### **Navigating Patient Advocacy: Collaborating to Advance Support of Oncology Patients**

*0.75 AMA PRA Category 1 Credit™ and ANCC contact hour*

- Identify the missions and core services of key national and community-based patient advocacy organizations relevant to oncology care.
- Describe practical strategies for integrating advocacy resources into clinical workflows to enhance financial, educational, and psychosocial support for patients.
- Explain how collaboration with advocacy organizations can improve patient access, adherence, and overall care outcomes.

### **1:45-2:45 pm Breakout Sessions (concurrent)**

*1.0 AMA PRA Category 1 Credit™ and ANCC contact hour*

#### **Pancreatic Cancer Pathways: Integrating Nursing, Navigation, and Nutrition Across the Care Continuum**

- Summarize the current treatment plan options for adult patients with pancreatic cancer.
- Identify common symptoms of pancreatic cancer and corresponding supportive care strategies.
- Distinguish performance status assessment strategies and nutrition interventions to improve outcomes and quality of life in patients with pancreatic cancer.
- Review survivorship care strategies in pancreatic cancer, including gaps in survivorship care delivery.

#### **Pathways to Excellence: Advancing Professional Growth for Pharmacy Technicians**

- Describe the role of structured career advancement in elevating pharmacy technician practice in oncology.
- Explain how oncology technician certification programs can be integrated into structured development frameworks.
- Distinguish real-world examples of how practices have implemented technician growth models.

- Identify strategies to gain leadership support and engage technicians in their professional progression.

## **2:45-3:45 pm Breakout Sessions (concurrent)**

### *1.0 AMA PRA Category 1 Credit™ and ANCC contact hour*

#### **Myeloma: From Current to Cutting Edge Breaking New Ground in Melanoma: Recent Updates and Emerging Therapies**

- Discuss the role of quadruplet therapy in transplant-eligible and transplant-ineligible multiple myeloma and identify appropriate use in the frontline setting
- Review chimeric antigen receptor (CAR) T-cell therapies' use in relapsed/refractory multiple myeloma
- Summarize the role of BCMA-targeting bispecific antibodies in the management of relapsed/refractory multiple myeloma
- Determine an evidence-based treatment plan for relapsed/refractory multiple myeloma with available sequencing data

#### **Lived Experience, Lasting Impact: Survivor-Driven Solutions for Patient-Centered Care**

- Identify at least three ways digital tools improve patient agency in self-management.
- Describe how survivor-driven digital health solutions address critical gaps in patient education.
- Explain strategies for integrating digital patient support platforms into clinical workflows for patients.
- Demonstrate understanding of how technology bridges communication gaps between patients and care teams while preserving the personalized approach.

#### **Beyond Clean: Strategies for Safe Compounding and Contamination Prevention**

- Describe healthcare teams' responsibilities in preventing contamination according to USP <797> and USP <800> standards.
- Identify the types of cleaning agents used in sterile compounding, including appropriate selection, frequency of use, and required dwell times.
- Explain the role of documented cleaning schedules in maintaining compliance with regulatory and institutional protocols.
- Recognize potential sources of contamination resulting from improper cleaning techniques or product misuse.
- Review a real-world contamination case example to enhance cleanroom practices and ensure the safety of patients and staff.

## **Addressing Sexual Health in Cancer Care**

### *1.0 AMA PRA Category 1 Credit™ and ANCC contact hour*

- Describe the impact of cancer treatment on sexual health.
- Identify strategies for initiating discussions about sexual health with oncology patients and survivors.
- Discuss effective strategies to educate patients about sexual side effects of cancer treatment, including how to mitigate them.

## **Geriatric Oncology: Wisdom, Wellness and Personalized Cancer Care**

### *1.0 AMA PRA Category 1 Credit™ and ANCC contact hour*

- Review guideline-based standards of care for older adults with cancer receiving systemic cancer therapy.
- Summarize the use of the Practical Geriatric Assessment (PGA) for management of vulnerabilities in older adults with cancer.
- Identify infrastructure requirements necessary for implementation of the PGA in the care of older adults with cancer.

## **Reimagining CAR-T: The Outpatient Evolution**

### *0.75 AMA PRA Category 1 Credit™ and ANCC contact hour*

- Identify key patient, caregiver, and product-related aspects to ensure a safe outpatient Chimeric Antigen Receptor Therapy (CAR-T) journey

- Discuss toxicity mitigation strategies, including monitoring, management protocols, and risk-adapted approaches for outpatient CAR-T therapy
- Outline the multidisciplinary team roles, infrastructure, workflow, and safety protocols essential for outpatient CAR-T program implementation

### **Disclosures**

Partners for Advancing Clinical Education (Partners) requires every individual in a position to control educational content to disclose all financial relationships with ineligible companies that have occurred within the past 24 months. Ineligible companies are organizations whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

All relevant financial relationships for anyone with the ability to control the content of this educational activity are listed below and have been mitigated according to Partners policies. Others involved in the planning of this activity have no relevant financial relationships.

### **Joint Accreditation Statement**

In support of improving patient care, this activity has been planned and implemented by Partners for Advancing Clinical Education (Partners) and NCODA. Partners is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Physician Continuing Education**

Partners designates this live activity for a maximum of 6.25 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Nursing Continuing Professional Development**

The maximum number of hours awarded for this Nursing Continuing Professional Development activity is 6.25 contact hours.

**Disclosure of Unlabeled Use**

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

**Disclaimer**

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.

**Instructions for Credit**

CE Credit for the NCODA 2025 Fall Summit can be claimed through the LecturePanda platform. To register, please visit: <https://www.lecturepanda.com/r/2025NCODAFallSummit>
