### 24 YEARS OF EXPERT AUDIT ASSISTANCE

PAAS is at your side from pre-audit preparation through post-audit discrepancies. After 24 years of assisting pharmacies with audits, you name it, PAAS has seen it.

### PRE-AUDIT CONSULTING

Your first move after receiving notification of an audit—CONTACT PAAS! We have experience in over 64,000 prescription claims audits and give you the specifics so you know what to expect. We keep track of PBM's habits. PAAS knows the focus of each audit type, right down to individual auditor tactics. Plus PAAS helps you understand your rights during an audit. PAAS has helped save pharmacies over \$573 million in penalties.

### POST-AUDIT DEFENSE

Chances are your initial audit will demand over \$6,000 in chargebacks. PAAS knows what documentation you need to collect, how to organize it and then the proper methods to submit the information. We give you the best chance to resolve audit discrepancies. On average, with the help of PAAS, initial audit demands are reduced from \$6,173 to just \$1,328 —that's REAL money staying in your pocket!

### VALUABLE RESOURCES

Thousands of pharmacies look to PAAS National® for answers, guidance and strategies. Whether you need help filling and billing a drug, reviewing a contract, finding a contact person at a PBM, acquiring basic forms such as Sig Logs, or finding an attorney - PAAS is a valuable resource that you can depend on.

### "THIRD-PARTY NEWSLINE" - NEWSLETTER

The PAAS monthly newsletter is a member favorite that provides important audit prevention tips and timely information on PBM audit tactics.

### ONE FLAT ANNUAL FEE - NO ADDED CHARGES

You pay one annual fee, then use PAAS as often as needed—no added charges. Some of our competitors charge a percentage of your audit chargeback—NOT PAAS! Our reward is the satisfaction gained from helping you keep your money.
